THE

Annual Administration Report

OF THE

AUNDH STATE

IN THE

SATARA DISTRICT,

for the year 1908-09.

134745

FROM,

THE KARBHARI,

AUNDH STATE.

LIBRARY OF THE BOMBAY BRANCH OF THE ROYAL ASIATIC SOCIETY.

To,

THE POLITICAL AGENT,

SATARA.

AUNDH, *5th July 1909.*

SIR,

I have the honor to submit the Annual Administration Report of the Aundh State for the year ending 5th June 1909.

2. The Appendices required by Government Resolution No. 2,941 dated 9th May 1905 accompany.

CHAPTER I.

General and Political.

3. The area of the State is 501 square miles. The population according to the Census of 1901 is 63,921. The gross revenue of the State is Rs. 272,770-10-10 including alienations, Local Funds and all other items. The State pays no tribute to the Paramount power or to any other State.

4. The Chief's powers have been withdrawn under the orders of Government *vide* your letter No. 6717 dated 16th September 1907. No event worthy of mention occurred in the Chief's family.

5. Mr. S. R. Arthur, Political Agent, Satara made a tour in all the parts of the State and made a detailed examination of the State offices and accounts and inspected all institutions. The Honourable Mr. W. T. Morison, Commissioner, C. D., was also pleased to visit Aundh in March last.

6. There are no Residency officials residing in the State. I continue to hold the office of Karbhari under Government Resolution No. 663 dated 26th January 1906, Political Department.

CHAPTER II.

Administration.

7. The Revenue Survey was introduced in the Aundh, Kundal and Gundal Talukas in the year 1895-96 and the Revision Survey of the Kinhi Thana was made in the year 1895-96. The operations as well as the papers of the Revision Survey of the Atpadi Taluka are complete under the direction of the Superintendent, Native States Survey. The introduction of the revised rates is under your consideration.

8. The land lying waste was 6147 Acres and 37 Gunthas last year. This year 378 Acres and 39 Gunthas of land fell out of cultivation. The total land thus lying waste was 6526 Acres and 36 Gunthas. Out of this 183 Acres and 30 Gunthas were taken for cultivation this year. The net land lying waste at the close of the year was 6343 Acres and 6 Gunthas. There were no alienations. There were no boundary disputes. The amount of Takavi advances made to the Ryots for digging wells and improving land was Rs. 2175 against Rs. 200 of the past year.

9. There were no important variations in the demand and collections for the year. Owing to the failure of Khariff crops in some villages of the Atpadi Taluka, postponements were given to the extent of Rs. 10,738-15-3. No coercive measures were exercised for revenue collection except a few forfeitures of land in the cases of highly recalcitrant tenants.

CHAPTER III.

Protection.

10. *Legislation* :—Appendix No. II shows the laws in force in the State. Some new laws have been introduced during the year under report. The amendments of certain laws which were not in force have also been introduced. Some of

the laws which had become obsolete have been repealed and new laws have been introduced in lieu of them. Remarks have been made about all these changes in the third column of the Appendix mentioned above. The Record of Rights, Bombay, Act IV of 1903 and the rules framed thereunder have been introduced lately after the close of the year.

11. *Military force* :—There is no military force entertained in the State and hence Appendix No. III is blank.

12. *Police* :—Appendix No. IV shows the strength and cost of the Police. There are 4 Chief Constables, 13 Head Constables and 61 Constables including all ranks. There are besides 11 Sowars who do the duties of the mounted Police. A few of these are armed with guns and swords and the others are provided with batons. There are besides sundry armed men called Shibandi 85 in number. These men do the duties of guarding the Taluka and Huzur Treasuries, the Jail, the Chief's wada etc. and furnish escorts. The total number of Police and Shibandi is thus 174. A Sowar whose horse had died purchased a new one during the year and hence the increase of one Sowar over the number shown last year.

13. Appendix No. V shows the working of the Police. During the year there occurred no serious offence and crime has on the whole been much suppressed. The Police had to investigate 65 offences against 93 of the past year. The percentage of convictions to the number of accused arrested is 43·4 against 54·2 of the past year. The percentage of convictions to the number of accused sent for trial is 40·8 against 56·2 of the past year. The percentage of convictions is less owing to discharges due to compromise and also because 9 accused persons arrested remained to be sent for trial at the end of the year. The Police force has on the whole worked satisfactorily and its conduct was good.

14. Appendix No. VI shows the amount of property stolen and recovered during the year of report. The percentage of stolen property compared with that of recovered is 51·2 against 42·9 of the past year. The amount of stolen property is small, whereas, the amount of property recovered is larger than last year which is satisfactory.

15. The total number and the cost of the Police force as detailed in Appendix No. IV is respectively 89 and Rs. 13,959-6-8 against 88 and Rs. 12,171-0-11 of the past year. The increase in the cost is due to uniforms supplied this year. The ratio of the Police to the area is 1 to 5·6 square miles and 1 to 718 of the population. The cost of the Shibandi was Rs. 9198-9-9 against Rs. 8094-12-4 of the past year. The increase in the cost of the Shibandi is due to an account adjustment made this year on account of cash allowances for the past year due to the Mankaris included amongst the Shibandi. I have submitted proposals as regards reform of the Police and other departments of the State and they are under consideration.

16. *The Village Police* :—The Village Police consists of Police Patils and Watchmen who are all Watandars. They perform all the duties enjoined by the Village Police Act. No Police Patils have been invested with powers under the Village Police Act VIII of 1867. The Police Patil of one village was fined for neglect of duty during the year under report.

17. The number of accidental deaths during the year was 31 against 27 of the past year. Of these 16 were drowned in wells and a river, 4 died of snake bite and the rest died of suicide, committing abortion and accidents. It is satisfactory that deaths from snake bite are less than last year. Clearing village sites of prickly pear has been rather vigorously done this year and it seems this has reduced the number of poisonous snakes.

Criminal Justice.

18. Appendix No. VIII shows the Criminal Courts at work in the State during the year. Besides Mr. B. G. Bhosekar, pensioned Mamlatdar was invested with Honorary First Class Magisterial powers in the Aundh State assigning to him the First Class Magisterial work arising in the Atpadi and Gundal Talukas. Mr. Gopal Bhikajee Karandikar, Sub-Judge, Kundal Taluka was also invested with similar powers with orders to do the First Class Magisterial work arising in the Kundal Taluka and the Aundh, Kinhi and Mahuli Thanas. The Third Class Magisterial powers held by the Kulmukhtiar of Karad were withdrawn as they were not necessary.

19. During the year all the Courts had to deal with 106 offences against 94 of the past year. Of these 105 were disposed of leaving one at the close of the year. The total number of persons dealt with was 186 against 190 of the past year. Out of these 63 were convicted, 122 were acquitted or discharged and 1 remained pending trial at the close of the year. Of the 122 persons who were discharged or acquitted, 79 persons were let off on compromise.

20. The work done by the Appellate Courts is shown in Appendix No. IX. There were 6 appeals filed during the year against 10 of the past year. All these appeals have been disposed of with the result that in one the Lower Court's judgment was confirmed, in one it was modified and in four the judgments were reversed.

Civil Justice.

21. The Civil Courts at work during the year were 6 in number being the same as last year. Of these four Courts are of original jurisdiction. The Karbhari exercises the powers of a District Judge and the higher powers are exercised by you. The number of suits filed during the year is larger than last year. The number of suits including the opening balance was 512. Of these 322 were disposed of leaving 190 in arrears at the close of the year. The average duration of suits is 3 months and 20 days against 4 months and 28 days of the past year. The Civil Courts had to dispose of 442 applications for the execution of decrees including the opening balance against 629 of the past year. Of these 317 were disposed of leaving 125 in arrears at the close of the year. The number and value of landed property and money suits is 360 and Rs. 55,702-10-5 against 243 and Rs. 35,159-13-0 of the past year.

22. The Special Appeal Courts had 15 appeals against 13 of the past year. Of these 8 were decided leaving 7 at the close of the year. The District Judge had 21 appeals against 26 of the past year. Of these 19 were disposed of leaving 2 at the close of the year.

23. During the year there were 20 suits including one of the last year under the Mamlatdar's Court Act. Of these 19 were disposed of leaving one in arrear at the close of the year. There were no appeals under this Act against the decisions of the Lower Courts during the year.

24. *Extradition*:—Applications were made for the surrender of 18 accused persons from the British Territory and Native States. Of these 14 were obtained and 4 were reported to have absconded themselves. There was no want of reciprocity on the part of the neighbouring States.

25. *Prisons*:—The Huzur Jail is at Aundh. The building is spacious and well ventilated. The number of prisoners in the Huzur Jail at the close of the year was 18 and at the Taluka lock-ups nil. The Medical officer at Aundh superintends the Huzur Jail. The health of the prisoners was generally good and their conduct was satisfactory. No prisoner died in the Jail during the year. The prisoners are employed in public gardens and on printing, weaving and other miscellaneous work. The cost of the Jail Department was Rs. 4,163-14-6. Mr. Arthur, the Political Agent, Satara, was pleased to visit the Jail when he was here. His remark is satisfactory.

26. *Registration*:—The number of documents registered during the year was 539 valued at Rs. 127,754-9-0 against 408 valued at Rs. 117,236-2-6 of the past year. Two documents remained unregistered pending enquiry at the close of the year. The fees realized were Rs. 1,165-8-0 against Rs. 1,007-9-6 of the past year. There is an increase in the number and value of the documents presented for registration which is due to increase of business. No separate establishment is maintained for Registration work. It is done by the Taluka officers.

27. *Municipal Administration*:—There are no Municipalities in the State.

CHAPTER IV.

Production and Distribution.

28. Appendix No. XVII shows the fall of rain in the State during the year of report. It was less than last year in all the Talukas. Besides it was not seasonable. In the western parts of the state Khariff rains being abnormal the crops were choked up by an overgrowth of weeds and thus proved rather indifferent, whereas, they failed altogether in the eastern parts owing to a want of the early rains. The Rabi rains were very ample in the beginning, but, failed afterwards thus causing a considerable reduction in the outturn of Rabi. The result was that the general outturn of Khariff proved annas 4 and that of Rabi annas 8. The wells and nallahs, however, continued full of water and irrigated crops flourished excellently well. In many lands where dry crops are usually grown the standing crops were helped by some irrigation and thus much crop which would

ordinarily have dried up was saved. In short, irrigation proved a boon this year and about a 16 anna crop was reaped wherever water was available. The season though not a good one proved fair on the whole.

29. *Wages and Labour* :—The rates of wages were almost the same as last year *viz.* the rates for unskilled labour were from annas 3 to 4 and for skilled labour from annas 8 to 10. The prices of food grains (per rupee) were high ; *viz* :—

	Past year.			Present year.		
	Seers.	Chataks.	Tolas.	Seers.	Chataks.	Tolas.
Jowari ...	12	2	2	12	2	2
Bajri ...	10	12	4	12	2	2
Wheat ...	9	7	1	9	7	1
Gram ...	10	2	0	10	13	1
Tur-pulse ...	8	7	0	8	1	3

30. *Forest* :—About 4760 acres of land are set apart for forest purposes. This is a new institution and has scarcely begun to show appreciable results. Annual plantations are vigorously pushed on both in forests and other lands and the planting of fruit trees is encouraged as much as possible.

Except a few Beat guards employed to watch the closed forests no special establishment is entertained for this department.

31. *Trade and manufacture* :—The State is mostly agricultural and pastoral. In Atpadi especially Khillar cattle and sheep are reared on a large scale. There is a great demand for the former in the markets of the Krishna Valley and the Berars and the latter are exported to the Western parts, especially the Konkan. The trade in Khillar Cattle and sheep prospered very well this year, Khillar bulls especially being sold at high prices.

Trade in grain also prospered. There was an unusual production and export of Khapli wheat which brought in excellent prices.

The chief manufactures are coarse Country cloth, woolen and cotton and both these are in much demand. The woolen cloth (Kamlees) is exported in large quantities to the Konkan. Kundal has made much progress this year in manufacturing some varieties of cotton cloth which seem popular amongst the people.

The factory of work in metal at Aundh is slowly progressing.

The import of articles from Bombay is increasing at Aundh as it is gradually becoming a mart for the supply of these articles to merchants from outlying villages. Also its weekly bazar is rising in importance. So is the case also at Kundal.

The principal crops are Cotton, Wheat, Gram, Jowari, Bajri, Ground-nut, Jaggery, Linseed, Safflower seed etc.

32. *Public Works* :—Appendix No. XIX gives a description of the works executed during the year. For want of funds no new works of importance were

undertaken. The expenditure incurred was for repairs to old works such as public buildings, roads, wells, ferry boats etc. The amount spent on public works was Rs. 3328-10-0 from the State funds and Rs. 3919-14-0 from the Local funds.

33. *Post Office* :—There are 6 British Branch Post Offices in the State *viz*:—(1) Aundh, (2) Kinhi, (3) Kundal, (4) Atpadi, (5) Dighanchi and (6) Gundal. There is no Telegraph Office. The State has no Postal or Telegraph system of its own. I have proposed to the Postal Department to convert the Aundh Branch Office into a Sub-office and to appoint separate Post Masters for Kundal and Atpadi Branch Offices instead of the School Masters who do the work. A separate Post Master has lately been appointed at Kundal.

34. *Telegraph* :—The Telegraph Department has abandoned the idea of introducing Telegraph at Aundh as Government are unable to give the necessary guarantee.

35. *Mint* :—There is no mint in the State. The currency of the British Government is in use.

36. *General condition of the State and the people* :—The past season proved a fair one though not a good one. The yield from irrigated lands was excellent and as the rates of grain were high it brought much cash into the hands of the people. The rates of labour were high and large commercial towns like Bombay afforded very profitable employment to the people. The sale of Khillar bulls at good prices afforded considerable income and all these circumstances resulted in the condition of the people continuing satisfactory like last year. Though their belongings did not augment materially still all had sufficient to live upon and no want or privation was felt in point of food or clothing.

37. *Public health* :—The public health was very good. There was plague in two villages only and that too was slight. Cholera broke out in a sporadic form in 9 villages of the State, but, it did not do much damage. There was a slight decrease in the number of births which is due to the usual migration of the people to trade centres. In the number of deaths there is a remarkable decrease which is satisfactory.

38. *Agriculture* :—Agriculture has been fairly good. I cannot say it flourished well as the season proved rather unfavourable. Increase in the introduction of crops more profitable than usual continues. The cultivation of groundnut and potato is increasing and cotton has been introduced and I think successfully in parts of the State where it used not to be cultivated.

39. *Agricultural Stock* :—Agricultural stock has prospered. There is an increase of it in spite of the large sales of Khillar bulls and sheep. There was ample fodder and cattle did not suffer privation. Their health continued good.

40. *Industrial enterprise* :—Industrial enterprise does not seem to be much on the increase except that at Kundal greater interest is being shown in the manufacture of a variety of good cloth.

41. *Emigration and Immigration* :—There is no immigration and emigration was confined to those who usually migrate in search of better wages.

42. *Excise* :—The consumption of liquor continues as usual. It is not increasing and in several parts of the State the use of liquor is unknown. The consumption of Ganja and Opium is as usual. The management of Ganja and liquor is leased to the British Government. The Opium is managed by the State on the same lines as the British Government.

CHAPTER V.

Revenue and Finance.

43. Appendix No. XXII B shows the total receipts and expenditure of the year.

44. *Receipts* :—The opening balance was Rs. 48,793-3-5 against Rs. 46,926-2-9 and the closing balance was Rs. 70,423-7-9. There is an increase in both the opening and closing balances. The total receipts of the year exclusive of interest on the existing debt are Rs. 285,952-4-10 against Rs. 245,966-12-4 of the past year. There is an increase of Rs. 39,985-8-6 in the receipts. The Local Fund receipts are also proportionately larger. The increase is due to a better collection of land and other items of revenue.

There is an increase under the head Sayer Revenue which is due to the Abkari Revenue of the past year received and credited during the year under report. There is a decrease of Rs. 301-13-8 in miscellaneous which is due to the fluctuating nature of the item.

There is an increase under the head Judicial (including stamps) due to a large sale of stamps.

The increase under the head Educational fees is due to a larger attendance of boys in the schools.

The increase under the head Other Receipts is due to deposits lapsed to the State and to the recovery of a large amount of interest on Takavi.

The decrease under the head Takavi is due to less recovery than last year.

The decrease under the head Deposits is due to less receipts of deposits. The increase under the head Advances is due to the recovery and adjustment thereof.

No new debt was contracted during the year. The amount shown under this head (No. 10) is the interest on the existing debt.

45. *Expenditure* :—The total expenditure of the year was Rs. 275,094–10–1 against Rs. 253,578–10–3 of the past year. The increase on the whole is Rs. 21,515–15–10 which is mainly due to a larger amount paid in liquidation of the existing debt.

The amount of the Khasgi and Paga was Rs. 51,339–9–10 against Rs. 53,694–9–7 of the past year. There is a decrease of Rs. 2,354–15–9 under this head as no arrear allowances had to be paid this year. This amount includes the amount of Khasgi debts repaid *viz.* Rs. 9,503-11-9.

The increase under the head Administrative Establishment is due to payment of arrear salaries disbursed this year.

The expenses of the Aundh Commission paid last year were entered under head No. 4. There was no such expense this year and hence the decrease.

The increase under the head Education is due to the purchase of maps, books and dead stock for the use of schools and to some new schools opened this year.

The increase under the head Shibandi is due to the adjustment, this year, of the last year's cash allowances due to the Mankaris who are entered under the head Shibandi. The increase under the head Police is due to uniforms supplied to them this year. This includes the cost of uniforms supplied also to the Shibandi.

The increase under the head Jail is due to there being this year a larger number of prisoners in the Jail. Also the prices of prisoners' rations were high.

The decrease under heads 9 and 10 being small requires no explanation.

The increase under the head Public Works is due to rather thorough repairs made to roads and buildings.

The increase under the head Minor Establishment is due to the purchase of a stallion for the Khillar Cattle at Atpadi, the old stallion having become useless. Some new bullocks were bought for use in public gardens in lieu of the old ones which had become unfit for work. There was also a considerable increase in the printing press as several new forms introduced had to be supplied to offices in the State.

The increase under the head Dewasthan Dharmadaya is due to arrear payment made.

A large amount was paid in liquidation of debt this year and hence the increase under this head. Rs. 48,763–1–2 repayment of debt consists of Rs. 37,990–7–7 paid in cash and the remaining amount *viz.*, Rs. 10,772–9–7 is merely account adjustment on account of interest added in the account and neither received nor paid in cash.

The increase under the head Miscellaneous is due to an account adjustment of amounts erroneously entered under the head Khasgi and other heads and also on account of transfer to Local Funds of amounts due from the State funds.

The increase under Takavi is due to the grant of a larger amount of Takavi this year.

The increase under head No. 17 is due to the clearance of deposits.

The increase under head No. 18 is due to advances made to Local Fund Public Works not adjusted before the end of the year. They are now getting adjusted.

The decrease under the head Watandars and Hakdars is due to there being no arrear payment this year.

The increase under the head Pensions is due to new pensioners added to the list.

46. *Debt* :—The total State debt at the beginning of the year was Rs. 99,017-8-9. The interest added this year was Rs. 13,107-7-10. The total debt was therefore Rs. 112,125-0-7. Out of this Rs. 37,990-7-7 have been repaid and thus at the end of the year the debt remaining was Rs. 74,134-9-0.

CHAPTER VI.

Vital Statistics, &c.

47. *Dispensaries* :—There are two charitable Dispensaries in the State—one at Aundh and the other at Atpadi. The number of patients treated in both the dispensaries was 8972 as detailed in Appendix No. XXIII. There is an increase of 1017 patients in both the dispensaries. The major and minor operations performed by both the Medical Officers were 279. Out of the patients treated 2095 were from the British territory. During the year the prevailing diseases were fever, plague, dysentry, cholera, sore-eye, worms etc. The dispensary buildings are spacious and well ventilated. Besides these two dispensaries, there are two Native physicians located at Kundal and Gundal. Their services are availed of by a considerable number of patients.

The dispensaries at Atpadi and Aundh were visited by Mr. S. R. Arthur, Political Agent, Satara and his remarks are favourable.

48. *Sanitation* :—The sanitation of the State is looked after by the Taluka officers under my supervision. Six Village Sanitation Committees have been appointed under the Village Sanitation Act. The income is mostly derived from house-tax. The expenditure incurred is on account of sweeping, improving the water supply and roads and for street lighting. The cost under the head was Rs. 1,842-2-0. A good deal of prickly pear was cut and destroyed this year.

49. *Vaccination* :—The number of children vaccinated during the year was 2049 against 1785 of the past year. The Deputy Sanitary Commissioner, C. D.,

superintends the work of Vaccination in the State. Glycerine lymph prepared at Belgaon has this year been introduced. The cost under Vaccination was Rs. 793-12-3.

50. *Births and Deaths* :—The number of births is 2739 against 2884 of the past year. The number of deaths is 1466 against 3005 of the last year. The birth and death ratios per thousand of the population are respectively 42·8 and 22·9 against 45·1 and 47 of the past year. The birth rate is smaller than last year but the decrease is slight and is due to ordinary causes. The considerably reduced death rate is a feature highly satisfactory this year. The Births and Deaths Registers are kept by the Village Officers and are scrutinized by the Revenue and Police Officers when on tour. No special expenditure is incurred under this head.

The Taluka Officers and myself make as much scrutiny of the registers as possible. The village Taral necessarily learns about births and deaths and the chances of omission to notice them are rare.

51. *Epidemics* :—Plague prevailed in 2 villages of the State. The number of cases was 79 and that of deaths 51. Cholera prevailed in 9 villages of the State. The number of cases was 118 and that of deaths 55. Both these epidemics were not of a virulent type, subsided soon and did not cause much damage.

CHAPTER VII.

Education.

52. *Schools* :—The number of Schools in the State is 39 including the Anglo-Vernacular School at Aundh and 7 Night Schools. The number of boys on the roll on 31st March was 1481 against 1201 of the past year. The number has increased owing to the opening of 6 New Schools this year. The daily average attendance was 1080. Instruction is given up to Standard VII. The girls' schools at Aundh, Kundal and Atpadi are prospering. The Night Schools are also doing well.

All the Schools are now well furnished with maps, books and all teaching material.

The special feature this year was that in the Schools in Gundal which is a Kanarese Taluka instruction was given to the children in Marathi which was unpopular. With the Political Agent's sanction instruction to boys has now been ordered to be given in Kanarese and it is hoped that the measure improves the attendance in the schools there.

The Schools were inspected by the State Deputy Educational Inspector as well as by the Assistant Deputy Educational Inspectors of the Satara District and

their remarks are favourable. The defects pointed out by them are being attended to. The total cost on account of education was Rs. 8266-14-10.

CHAPTER VIII.

Miscellaneous.

53. *State Bank* :—The State Banking business continues satisfactory.

54. *Cattle breeding* :—The State herd of Khillar Cattle numbers at present 104. The number last year was 117. The new stock this year was 15. The total was thus 132. There were 8 deaths due to old age and other ordinary causes. 16 saleable bulls were sold and 4 young bulls were transferred to the Aundh garden. The yield from the sale of bulls was Rs. 904-8-0.

No epidemic broke out amongst the cattle and the herd continued to flourish.

There is nothing worthy of mention as regards the herd of camels.

Both these herds were inspected by the Political Agent at Atpadi.

55. *Devasthans* :—The number of the State managed Dewasthans is 11 and their management continued satisfactory. The fairs held in connection with some of them were this year more largely attended than before and the trade in Khillar Cattle at the fair at Kharsundi was prosperous.

56. *Minors' estates* :—The number of minors' estates under State management was 10, the total income thereof being Rs. 4544-2-7. The expenditure was Rs. 5894-15-6. The expenditure exceeded the income as the debts due to Sowakars from a minor were paid off. The total amount of balance belonging to the minors was Rs. 7,093-5-4.

57. *Taxes on trades* :—There are no taxes on trades.

58. *Tolls* :—There are two Toll-bars one at Dighanchi and the other at Bhivghat within the State limits in the Atpadi Taluka.

59. *Printing presses* :—There is one Litho-printing press at Aundh in which forms and stamps required for the use of the State are printed.

60. *Libraries* :—There is one State Reading Room at Aundh maintained by the State.

61. *Records* :—The State Records have been arranged and are in good order.

62. *Inspection* :—I made a tour of inspection in all the Talukas of the State and examined the subordinate offices. The Police Agent's tour is mentioned in para 5 above.

63. *Wild Animals* :—Wild animals are scarce and do little damage. No special measures are needed for their extirpation.

64. I may remark that the year under report has been specially lucky. Regular payments, no want, the need of all departments supplied fairly well, a large clearance of debt and a considerable balance remaining in the treasury at the end of the year are features unknown at Aundh for years past.

65. I beg to thank you for your kind guidance.

I have the honor to be,

Sir,

Your most obedient servant,

JACOB B. ISRAEL,

Karbhari, Aundh State.

APPENDICES

FROM

I TO XXV.

APPENDIX—I.

Appendix I is not given as there are no changes in personnel of High Officials in the State.

APPENDIX—II.

List of laws in force in the Aundh State 1908-09.
